## What's with all the prices??

### Three-Tiered Pricing Explained

Realizing that families are differently gifted, we offer a three-tiered fee program, giving families the option to pay one of three different rates for each summer camp session. Choose the tier that is most suitable for your family. As you consider your family's financial situation, please also consider the true cost of camp.

The **Subsidized tier** is a reduced rate made possible by ministry support from the Illinois South Conference, local churches, church groups and individuals who value the impact of our summer camp program.

The **Partially Subsidized tier** represents the direct costs of a camp session including counselors, food, utilities, materials, fuel and more.

The **Actual Cost tier** more closely reflects the true costs of providing our camp experience for one camper, including facility maintenance and upkeep, equipment repair and replacement, and program development. It also helps fund DuBois Center scholarships, so more children can experience the power of church camp.

**The tier you choose is confidential and all campers receive the same DuBois experience, no matter which tier is selected.**

## Q&A

### Do I really pick my price? What's the catch?

Yes! It's your choice. Pick the tier that works best for you and your family. No catch.

### Will my church pay a different amount if I choose a higher tier?

Most churches set a specific amount of support. Check with your church.

### What if my family needs more assistance?

There are several financial assistance options available. We recommend first checking with your church. Many UCC congregations pay a portion of the camp fee for their members. If church assistance is not available, or more support is needed, call the DuBois Center office at 618.787.2202 to receive a scholarship application.

## Why?

DuBois Center is one of many camps, locally and across the country, that has moved to a tiered pricing structure for their summer programs.

Tiered pricing gives greater visibility to the true cost of providing the quality camp experience you've come to expect from us. It also offers families an opportunity to take an active role in supporting the true cost of their child's camp experience.

### Goals of Tiered Pricing:

- Provide quality programs
- Serve families from all income levels
- Preserve DuBois Center for generations to come

Sadly, we have seen youth camps in Southern Illinois and Missouri close recently, largely due to their inability to cover direct and indirect costs. We don't want to join that list. **This pricing structure is one more step toward securing the future of DuBois Center.**
