What's with all the prices??

Three-Tiered Pricing Explained

Realizing that families are differently gifted, we are now offering a three-tiered fee program, giving families the option to pay one of three different rates for each summer camp session. Choose the tier that is most suitable or comfortable for your family. As you consider your family's financial situation, please also consider the true cost of camp.

The **subsidized tier** is a reduced rate made possible through ministry support we receive from Southern Illinois UCC churches and contributions from individuals who value the impact of our summer camp programs.

The **partially subsidized tier** represents the direct costs of a camp session including counselors, food, utilities, materials, fuel and more.

The **actual cost tier** more closely reflects the true costs of providing a camp experience for one camper, including facility maintenance and upkeep, equipment repair and replacement and program development. It also helps fund DuBois Center scholarships, so more children can experience the power of church camp.

The tier you choose is confidential and all campers receive the same DuBois experience, no matter which tier is selected.

Q&A

Do I really pick my price? What's the catch?

Yes! It's your choice. Pick the tier that works best for you and your family. No catch.

Will my church pay a different amount if I choose a higher tier?

Most churches set a specific amount of support. Check with your church.

Will we still get a free t-shirt?

Every camper will receive a free camp t-shirt at check-in, no matter what price tier is chosen.

What if my family needs more assistance?

A limited number of scholarships are available. Please contact the DuBois Center office for details and an application — 618.787.2202 or dcinfo@DuBoisCenter.org

10th - 12th	Counselors in Training	June 19-24	Main/Rustic	\$403	\$363	\$323

Why?

DuBois Center is one of many camps, locally and across the country, moving to tiered pricing structures for their summer programs. Sadly, we have seen youth camps in Southern Illinois and Missouri close recently largely due to their inability to cover direct and indirect costs. We don't want to join that list.

Tiered pricing gives greater visibility to the true cost of providing the quality camp experience you've come to expect from us. It also offers families

an opportunity to take an active role in supporting the true cost of their child's camp experience.

Goals of New Pricing Structure:

- Provide quality programs
- Serve families from all income levels
- Preserve DuBois Center for generations to come

This new pricing structure is one more step toward securing the future of DuBois Center.
